

## PLEASANT HARBOR YACHT CLUB HOOD CANAL CRUISE

**June 26 – 27, 2010**

**Sponsor(s):** Dick & Sheila Moore [pigeonridge@embarqmail.com](mailto:pigeonridge@embarqmail.com) 360-796-4185

**Destination:** Seabeck, Quilcene Bay, or Jackson Cove (dependant on weather).

**Departure date and time:** Saturday, June 26th 10am following skippers meeting or on your own schedule.

**Return date and time:** Sunday, June 27th, on your own schedule.

**Enroute radio channel:** 68

**Special departure instructions for Saturday:** Check in with the coordinator at the skippers meeting at the marina store at 10am. We will double check weather and tides at that time. Upon departure, travel at your own pace and schedule.

Those not proficient in anchoring, there will be a short tutorial at this meeting.

**Arrival instructions for destination:** Dick Moore via radio CH 68.

**Anchoring:** Depending on how many boats are coming will depend on how anchoring will be arranged: one large boat anchoring with smaller boats rafted or each boat anchors separately. Have dinghy available as your mode of transportation.

**Saturday:** There will be a no-host social hour and potluck, weather permitting. This should commence around 4pm. The plans will be finalized at the Saturday morning skippers meeting.

If raining, this will be in the largest boat willing to host the group.

**Sunday:** The return is flexible with everyone traveling at their own pace and on their own schedule.

**PLEASE RSVP to Dick Moore by June 15th if you plan to attend.**

**As always, this is a “weather permitting function”.** If weather conditions or the combination of weather and tides interfere with these plans, this will be discussed on Saturday morning between the coordinator and the members. The backup plan will be a dock party weekend at Pleasant Harbor!

**SPECIAL NOTE: If I have not received any RSVP information indicating interest, this will be cancelled.**
